

Secure Auto Strut Mount Part 54610-3R000 For Hyundai Grandeur H-

1

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 54610-3R000
- Minimum Order Quantity: 10 PCS
- Price: USD3.57 ~ USD4.58
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 1000 pcs per day

Product Specification

- Product Name: Auto Strut Mount
- Warranty: 24 Months
- Packing: Any Box According To Customers' Requirement
- Material: Rubber And Steel
- Car Make: For Hyundai
- Highlight: Secure Auto Strut Mount, Auto Strut Mount Part , 54610-3R000

Product Description

54610-3R000 Strut Mount for HYUNDAI GRANDEUR H-1 ix55 SANTA FE II KIA CARNIVAL III 54610-3R000

Product Description:

A **strut mount**, also referred to as a *suspension mount* or a *shock mount*, is an essential part of a vehicle's suspension system. It is a connection point between the strut assembly and the chassis or body of a car. A strut mount is responsible for providing support, stability and assisting with vibration dampening of the suspension system.

The strut mount is a complex part that consists of three main components - a bearing, a spring seat and a cushion. The bearing is designed to reduce strain on the suspension assembly, the spring seat securely holds the coil spring in place, and the cushion acts as an isolation barrier to protect the car from road shocks.

Features:

Our strut mount is designed to provide secure structural support, vibration dampening, load distribution, alignment maintenance, and long-term durability. It serves as an effective connection point between the strut assembly and the vehicle's chassis or body, enabling it to absorb shocks, impacts, and vibrations from the road surface. The high-quality rubber or polyurethane bushings effectively dampen vibrations and reduce noise, while distributing the load evenly for balanced weight distribution. This helps prevent excessive stress on any single point and ensures the overall stability of the suspension system.

The strut mount also allows for controlled movement and articulation of the strut assembly, helping maintain proper suspension alignment. This allows the wheels to remain correctly aligned with the road surface, promoting even tire wear, improved handling, and enhanced vehicle stability. Additionally, it is constructed with high-quality materials and tested thoroughly to ensure durability and long-term performance. Our strut mount is designed to withstand the demanding conditions of daily driving and provide reliable support and stability for your suspension system.

Support and Services:

Auto Strut Mount Technical Support and Services

At Auto Strut Mount, we provide technical support and services to ensure that your product is running at peak performance and is backed by our industry-leading guarantees.

If you have any questions or concerns regarding your product, our team of experts is here to answer them. We can provide you with troubleshooting tips, answer any technical questions, and provide you with a comprehensive overview of our services.

Our customer service experts are available 24/7 to provide assistance and answer any questions you may have. You can reach us by phone, email, or live chat. We strive to provide the best customer service possible and are here to help you with any issue you may have. We also offer a variety of warranties and guarantees on all of our products. We stand behind our products and are committed to ensuring your satisfaction with your purchase.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specializing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts, electric parts, steering parts, transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;

Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
