Standard Suspension Control Arm Assembly 54500-1Y000 For Kia Picanto

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 54500-1Y000
- Minimum Order Quantity: 20 PCS
- Price: USD12.85 ~ USD14.88
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 5000 pcs per month

Product Specification

- Product Name: Suspension Control Arm
- Size: Standard
- Package: Poly Bag With Cartons, After Wooden Pallets
- Car Make: For Hyundai
- Warranty: 12 Months
- OEM: 54500-1Y000
- Highlight: **Standard Suspension Control Arm, Suspension Control Arm Assembly, 54500-1Y000**

Product Description

54500-1Y000 Suspension Control Arm For Kia Picanto 2012-2017 54500 1Y000

Product Description:

A *Control Arm*, commonly referred to as an **A-arm** or **Wishbone**, is an essential component of a vehicle's suspension system. Its purpose is to join the components of the suspension to the vehicle's body, facilitating the correct movement of the wheels. Generally, control arms can be found in both the front and rear suspensions of the automobile, though the specific design and structure may vary.

Features:

Our control arm is crafted with the highest-quality materials like forged or cast steel, aluminum, or composite materials. This construction ensures extraordinary strength, durability, and resistance to wear and corrosion and is built to withstand any road condition.

It plays a vital role in connecting the suspension components, like steering knuckle and wheel hub assembly to the vehicle's chassis. It supplies adequate support and flexibility to manipulate the wheels' motion, keeping the alignment and enhancing handle and stability.

Our control arm also guarantees precision wheel alignment, equal tire wear, optimal capability, and improved vehicle stability. It enables controlled vertical wheel movement, providing better traction and responsiveness when accelerating, stopping, and cornering.

It is designed for easy installation, making it suitable for professionals and amateurs to install. Also, it is an essential replacement part for your vehicle's original control arm, guaranteeing compatibility and smooth installation process.

Our control arm underwent multiple tests and quality control procedures to meet or even exceed industry standards. This is produced by dependable suppliers who prioritize quality and efficiency, ensuring a reliable and tough product.

Support and Services:

Suspension Control Arm Technical Support and Service:

We offer technical support for Suspension Control Arm products. Our experienced engineers can handle any problem you may have with your product. We offer troubleshooting, diagnostic services, and repairs. We also offer preventive maintenance services to help keep your product in optimal condition.
